SIERRA VISTA — Sierra Vista's newest apartment complex celebrated its opening with local business and community leaders Thursday.

Construction of **The Place at Savanna Springs**, 289 S. Highway 92, began 11 months ago and utilized local contractors like KE&G, said **John Krauss**, construction manager for MC Companies.

Work is still being completed on the final few buildings of the \$17.5 million complex, which when completed in June will bring the total number of apartments available to 204, said **Josh Krauss**, a leasing associate with The Place at Savanna Springs.

Of the rooms currently available, about half have signed leases, Josh Krauss said.

Prices range from \$815 for a 665-square-foot single-bedroom apartment to \$1,080 for a 1,127-square-foot, three-bedroom unit.
